Product Name RXSOL-22-2205-025  
Product Type BIOTRAP

### Company Details:

RX MARINE INTERNATIONAL  
105, A wing , BSEL , TECH PARK.  
VASHI ,NEW BOMBAY 400703 INDIA

Phone +91 22 65113333 / 5555 / 9999  
Fax +91 22 2781 1318 :::AOH :0091 9821214367  
Email [mail@rxmarine.com](mailto:mail@rxmarine.com)

## 2. Composition / Information on ingredients

www.rxmarine.com

### HAZARDOUS INGREDIENTS

| INGREDIENTS                    | Conc % W/W |
|--------------------------------|------------|
| Mixture of bacteria and enzyme | 7 - 13     |

## 3. Hazards Identification

www.rxmarine.com

N/A

## 4. First Aid Measures

www.rxmarine.com

### FIRST AIDS

|                   |  |
|-------------------|--|
| Contact with Eyes | Immediately flush eyes with plenty of water for at least 15 minutes. Occasionally lifting upper and lower lids. Get medical attention at once. |
| Contact with skin | Rinse the skin for at least 15 minutes and remove contaminated cloths.   |
| Ingestion         | If this product is swallowed, do not induce vomiting. If victim is conscious give plenty of water to drink. Get medical attention at once.     |
| Inhalation        | Move exposed person to fresh air. If irritation persists. Get medical attention promptly.  |

## 5. Fire-fighting Measures

www.rxmarine.com

### EXPLOSION AND FLAMMABILITY DATA

|   |                             |               |
|---|-----------------------------|---------------|
| Inflammability  |                             | Not flammable |
| Condition of inflammability   | No                          |               |
| Means of extinction   | N/A                         |               |
| Point flash and method (open vase)                                      | Superior at 95 ° C          |               |
| Threshold of inflammability   | Maximum = N/D Minimal = N/D |               |
| Temperature of spontaneous combustion                                   | N/D                         |               |
| Products of dangerous combustion  | Carbon dioxide              |               |
| Data on the explosiveness sensitivity to the shocks                     | N/D                         |               |
| Data on the explosiveness sensitivity to the electro discharges statics | N/D                         |               |

## 6. Accidental Release Measures

www.rxmarine.com

### PREVENTIVES MEASURES

|                                |  |
|--------------------------------|--|
| Eyes Protection                | In normal condition, should be not dangerous   |
| Respiratory Protection         | In normal condition, should be not dangerous   |
| Skin Protection                | In normal condition, should be not dangerous   |
| Measures if a leaks and spills | Take off the leaks and put in a identify drums. Rinse the floor with w                           |
| Elimination                    | Conform with federal and provincial laws<br>Put in a closed material. Protect against the freeze |

## 7. Handling and Storage

### PHYSICAL DATA

|                         |            |                              |
|-------------------------|------------|------------------------------|
| Physical State          |            | White Liquid to light yellow |
| Odor                    | Mint scent |                              |
| pH                      | 7.0 - 7.5  |                              |
| Specific Density (20°C) | 1,01g/cc   |                              |
| Water solubility        | yes        |                              |
| boiling Point           | D 100°C    |                              |
| Freeze Point            | 0°C        |                              |
| % Volatile              | N/D        |                              |
| Vapor Pressure          | N/D        |                              |
| Vapor Density           | N/D        |                              |

## 10. Stability and reactivity

www.rxmarine.com

### REACTIVITY DATA

|                                     |   |
|-------------------------------------|---|
| Chemical stability                  | Stable  |
| Incompatibility with other products | Oxidizing matters, strongly reducing and acid matters.  |
| Conditions                          | If the product enter contact with acid or oxidizer product they could be produce hot temperature. |
| Polymerization                      | None  |
| Decomposition product               | Carbon oxide  |

## 11. Toxicological information

www.rxmarine.com

### TOXICOLOGICAL DATA

|                                    |  |
|------------------------------------|--|
| Exposition limit                   | N/D  |
| Absorption way                     | Inhalation ( ) Eyes ( ) Skin ( ) Ingestion ( ) |
| Chronics exposure with the product |  |
| Inhalation                         | Lightly irritating                             |
| Eyes                               | Lightly irritating                             |
| Skin                               | Lightly irritating                             |
| Ingestion                          | Nausea, vomiting                               |
| Carcinogenicity                    | None   |
| Synergics products                 | None   |

### HAZARDOUS INGREDIENTS

| INGREDIENTS       | Conc % W/W |
|-------------------|------------|
| Hydrochloric acid | 7 - 13     |

## 3. Hazards Identification

[www.rxmarine.com](http://www.rxmarine.com)

N/A

## 4. First Aid Measures

[www.rxmarine.com](http://www.rxmarine.com)

### FIRST AIDS

|                |   |
|----------------|---|
| Ocular contact | To rinse with water for at least 15 minutes by keeping the large eyes open. To consult a doctor without delay.  |
| Contact dermic | To remove contaminated clothing. To immediately rinse the skin reached with water for at least 15 minutes. To consult a doctor if an irritation persists. |
| Ingestion      | To give 1 to 2 glasses water or of milk if nobody conscious. Do not induce a vomiting, consult a doctor immediately.                                      |
| Inhalation     | To bring the victim to the fresh air. To manage oxygen or artificial respiration if necessary.  |

## 5. Fire-fighting Measures

### EXPLOSION AND FLAMMABILITY DATA

|                                       |                                     |
|---------------------------------------|-------------------------------------|
| Flash Point                           | Superior with 95 oC                 |
| Threshold of inflammability           | N/D                                 |
| Means of extinction                   | Carbon dioxide (CO2), chemical foam |
| Temperature of spontaneous combustion | N/D                                 |

## 6. Accidental Release Measures

[www.rxmarine.com](http://www.rxmarine.com)

## PREVENTIVES MEASURES

|                                      |   |
|--------------------------------------|---|
| Ocular protection                    | Protective glasses or facial masks.   |
| Respiratory Protection               | Mask with cartridge for organic vapors and acid vapors.   |
| Dermic protection                    | Rubber gloves and clothing protective (boots and hats).   |
| Technical installation               | Local or general ventilation.   |
| Measurements in the event of escapes | To absorb the escape with solid absorbents, (vermiculites) To rinse with water.   |
| Waste disposal                       | To conform to the laws on the rejections of waste, local, provincial and national.  |
| Handling and storage                 | To preserve in a container closes in a dry, fresh place safe from heat, fire, sunlight and moisture. To keep with the expenses. |
| Special method                       | To keep with the expenses.  |

### PHYSICAL DATA

|                         |                                |
|-------------------------|--------------------------------|
| Aspect & perfume        | blue liquid, wintergreen scent |
| boiling Point           | 100°C                          |
| pH (Such as it is)      | 1 (very acid)                  |
| Freezing Point          | 0°C                            |
| Specific gravity (20 C) | 1.05                           |
| Solubility in water     | 100 %                          |

## 10. Stability and reactivity

[www.rxmarine.com](http://www.rxmarine.com)

### REACTIVITY DATA

|   |  |
|---|--|
| Chemical stability                            | Stable in normal condition of use.   |
| Incompatibility with other substances         | Oxidizing matters, Alkaline Matters. Caustic soda, Potash caustic, Ammonium, Hypochlorites |
| Reaction of polymerization                    | None   |
| Hazardous substance coming from decomposition | Carbon dioxide   |

## 11. Toxicological information

[www.rxmarine.com](http://www.rxmarine.com)

### TOXICOLOGICAL DATA

Effects of the acute exposure on the routes of administration.

|                                 |   |
|---------------------------------|---|
| Ocular contact                  | Irritation under direct contact and the vapors irritate the eyes.               |
| Dermique contact                | This product degreases and drains the skin. It is very irritating for the skin. |
| Inhalation                      | The vapors irritate the nose and the throat.                                    |
| Ingestion                       | Can cause headaches, nauseas, vomiting and weaknesses.                          |
| Effects of the chronic exposure | N/D   |
| Carcinogenicity                 | None  |

|                |      |
|----------------|------|
| Mutagenicity   | None |
| Teratogenicity | None |
| Synergy        | None |
| Sensitizing    | None |

HAZARDOUS INGREDIENTS

INGREDIENTS Conc % W/W

Sodium hypochlorite 7-13

## 3. Hazards Identification

www.rxmarine.com

N/A

## 4. First Aid Measures

www.rxmarine.com

### FIRST AID

|                |   |
|----------------|---|
| Ocular contact | To rinse with water for at least 15 minutes by keeping the open large eyes. To consult a doctor or an ophthalmologist without delay.  |
| Contact dermic | To wash the skin contaminated with tepid water and to coat the skin of an emollient cream.  |
| Ingestion      | To give 1 to 2 glasses water or of milk if the person is conscious to dilute the product. Do not induce vomiting, consult a doctor immediately or contact a poisons center Poisons center: 1-800-463-5060 |
| Inhalation     | To bring the victim to the fresh air. Put an oxygen unit or practice artificial respiration if necessary.   |

## 5. Fire-fighting Measures

### EXPLOSION AND FIRE HAZARDS

|                                       |                                      |    |
|---------------------------------------|--------------------------------------|----|
| Inflammability                        |                                      | No |
| Condition of inflammability           | None                                 |    |
| Means of extinction                   | Water, chemical foam, carbon dioxide |    |
| Point flash and method (open vase)    | Superior at 100 0 C                  |    |
| Threshold of inflammability           | Maximum = N/D Minimal = N/D          |    |
| Temperature of spontaneous combustion | N/D                                  |    |
| Products of dangerous combustion      | Carbon dioxide                       |    |
| Data on the explosiveness             | N/D                                  |    |
| sensitivity to the shocks:            |                                      |    |
| sensitivity to the electro discharges | N/D                                  |    |
| statics                               |                                      |    |

## 6. Accidental Release Measures

www.rxmarine.com

### PRECAUTIONARY MEASURES

|                                      |  |
|--------------------------------------|--|
| Ocular protection                    | We advise to carry protective glasses.   |
| Respiratory Protection               | Under normal conditions, this product does not pose a problem.   |
| Derrmic protection                   | We advise to wear protection or rubber gloves.   |
| Measurements in the event of escapes | To collect the reversed product and to put in well identified container water the residues left on the ground. |
| Waste disposal                       | To conform to the laws on the rejections of waste, local, provincial and                                       |
| Handling and storage                 | To preserve in a container closed in a dry, fresh place.   |

## 7. Handling and Storage

## 9. Physical and chemical properties

www.rxmarine.com

### PHYSICAL CHARACTERISTICS

|  |                     |
|--|---------------------|
| Physical status                          | Clear yellow liquid |
| Boiling Point                            | 100 C               |
| Odor and appearance                      | Chlorine odor       |
| pH (such as it is)                       | Superior at 13      |
| Freezing Point                           | N/D                 |
| % Volatile                               | N/D                 |
| Density (20°C)                           | 1.165 g/cc          |
| Density of vapor                         | N/D                 |
| Solubility in water                      | soluble             |
| Coefficient of distribution<br>Water/Oil | N/D                 |

## 10. Stability and reactivity

www.rxmarine.com

### DATA ON THE REACTIVITY

|   |   |
|---|---|
| Chemical stability                                | <small>Soluble in normal conditions of use.</small>   |
| Incompatibility with other substances             | Acid matters  |
| Conditions of reactivity                          | If the product comes into contact with an acid, there will be a heat emission and chlorine. |
| Reaction of polymerization                        | None  |
| Hazardous substance coming from the decomposition | Carbon dioxide and chlorine   |

## 11. Toxicological information

### SECTION VI: TOXICOLOGICAL PROPERTIES OF THE PRODUCT

|  |  |
|--|--|
| Limit of exposure                              | N/D  |
| Ways of absorption                             | Inhalation ( ) Eyes (X) Skin (X) Ingestion (X)                 |
| Effects of the chronic exposure to the product |  |
| Inhalation                                     | The vapor should be irritating                                 |
| Eyes   | Irritation under direct contact, burns of the eyes.            |
| Skin   | Irritant for skin, burns, dermatitis.                          |
| Ingestion                                      | Irritation of the internal mucous membranes, can cause nausea. |
| Carcinogenicity                                | None Toxic effects on  |
| reproduction                                   | None   |
| Teratogenicity                                 | None   |
| Mutagenicity                                   | None   |
| Name of the products synergistic               | None   |

### HAZARDOUS INGREDIENTS

| INGREDIENTS         | Conc % W/W |
|---------------------|------------|
| Sodium silicate     | 7-13       |
| Sodium hydroxide    | 1 -5       |
| Sodium Hypochlorite | 1 -5       |

## 3. Hazards Identification

www.rxmarine.com

## 4. First Aid Measures

[www.rxmarine.com](http://www.rxmarine.com)

### FIRST AID

|                |   |
|----------------|---|
| Ocular contact | To rinse with water for at least 15 minutes by keeping the open large eyes. To consult a doctor or an ophthalmologist without delay.  |
| Contact dermic | To wash the skin contaminated with tap water.   |
| Ingestion      | To give 1 to 2 glasses water or of milk if the person is conscious to dilute the product. Do not induce vomiting, consult a doctor immediately or contact a poisons center Poisons center: 1-800-463-5060 |
| Inhalation     | To bring the victim to the fresh air. Put an oxygen unit or practice artificial respiration if necessary.   |
