

## 1. Product and Company Identification

www.rxmarine.com

Product Name                      Tri sodium phosphate anhydrous TSP  
Product Code                      RXSOL-15-1522-020

### Company Details:

RX MARINE INTERNATIONAL  
105, A wing , BSEL , TECH PARK.  
VASHI ,NEW BOMBAY 400703 INDIA

Stock Point : Mumbai, Kandla, Chennai, Kolkata, Visakhpatnam, Fujairah, Muscat. Nairobi

Phone                                      +91 22 27815541 / 42  
Fax    +91 22 2781 1318 :::AOH :0091 9821214367  
Email    [mail@rxmarine.com](mailto:mail@rxmarine.com)

## 2. Composition / Information on ingredients

www.rxmarine.com

| Chemical Name      | Percent | Value | Cas No    |
|--------------------|---------|-------|-----------|
| TSP Anhydrous,Min. | %       | 99.9  | 7601-54-9 |

Synonym (s)..... Trisodium orthophosphate , Sodium phosphate tribasic , Sodium orthophosphate.

## 3. Hazards Identification

www.rxmarine.com

### Potential Health Effects:-

Inhalation                                      Material is irritating to mucous membranes and upper respiratory tract. Exposure can cause coughing, chest pain and difficulty breathing.

Ingestion                                        May cause burns of the mouth, throat and stomach. Aspiration in to the lungs may occur during ingestion or vomiting. May cause injury.

Skin Contact                                    Symptoms may include bleeding, vomiting diarrhea, fall in blood pressure. Damage may appear days after exposure. Material is irritating to mucous membranes and upper respiratory tract. Exposure can cause coughing, chest pain and difficulty breathing.

Eye Contact                                    May cause eye burns. May cause permanent corneal injury. May cause severe eye irritation. Corrosive! Causes irritation. With greater exposures it can cause burns that may result in permanent impairment of vision, even blindness.

## 4. First Aid Measures

www.rxmarine.com

Inhalation                                      Remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Call a physician immediately.

Ingestion                                        Do Not Induce Vomiting! Give large quantities of water or milk if available. Never give anything by mouth to an unconscious person. Get medical attention immediately.

Skin Contact                                    Immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Wash thoroughly. Get medical attention immediately. Wash clothing before reuse.

Eye Contact                                    Immediately flush eyes with plenty of water for at least 15 minutes, lifting lower and upper eyelids occasionally. Get medical attention immediately.

## 5. Fire-fighting Measures

www.rxmarine.com

Fire    Not considered to be a fire hazard. Hot or molten material can react violently with water. Can react with certain oxidizing agents.

|                          |   |
|--------------------------|---|
| Explosion                | aluminum, to generate flammable hydrogen gas.   |
| Fire Extinguishing Media | Not considered to be an explosion hazard.<br>Use any means suitable for extinguishing surrounding fire. Adding water to caustic solution generates large amounts of |

## 6. Accidental Release Measures

[www.rxmarine.com](http://www.rxmarine.com)

Ventilate area of leak or spill. Keep unnecessary and unprotected people away from area of spill. Wear appropriate personal protective equipment as specified in Section 8. Spills: Pick up and place in a suitable container for reclamation or disposal, using a method that does not generate dust. Do not flush caustic residues to the sewer. Residues from spills can be diluted with water, neutralized with dilute acid such as acetic, hydrochloric or sulfuric. Absorb neutralized caustic residue on clay, vermiculite or other inert substance and package in a suitable container for disposal.

## 7. Handling and Storage

[www.rxmarine.com](http://www.rxmarine.com)

Keep in a tightly closed container. Protect from physical damage. Store in a cool, dry, ventilated area away from sources of heat, moisture and incompatibilities. Always add the caustic to water while stirring; never the reverse. Containers of this material may be hazardous when empty since they retain product residues (dust, solids); observe all warnings and precautions listed for the product. Do not store with aluminum or magnesium. Do not mix with acids or organic materials.

## 8. Exposure controls and personal protection

[www.rxmarine.com](http://www.rxmarine.com)

|                                       |   |
|---------------------------------------|---|
| Airborne Exposure Limits              | OSHA  |
| OSHA Permissible Exposure Limit (PEL) | 2 mg/m3 Ceiling ☐ ACGIH   |
| Threshold Limit Value (TLV)           | 2 mg/m3 Ceiling   |
| Ventilation System                    | A system of local and/or general exhaust is recommended to keep employee exposures below the Airborne Exposure Limit. Local exhaust ventilation is generally preferred because it can control the emissions of the contaminant at its source, prevent it from spreading into the general work area. Please refer to the ACGIH document, Industrial Ventilation, A Manual of Recommended Practices, 11th Edition, for details.   |
| Personal Respirators                  | If the exposure limit is exceeded, a half-face dust/mist respirator may be worn for up to ten times the exposure limit or the maximum use concentration specified by the appropriate regulatory agency or respirator supplier, whichever is lowest. A full-face respirator may be worn up to 50 times the exposure limit, or the maximum use concentration specified by the appropriate regulatory agency, or respirator supplier, whichever is lowest. For emergencies or instances where the exposure levels are not known, use a full-face piece positive-pressure, air-supplied respirator. |
| WARNING                               | Air-purifying respirators do not protect workers in oxygen-deficient atmospheres.   |
| Skin Protection                       | Wear impervious protective clothing, including boots, gloves, lab coat, apron or coveralls, as appropriate, to prevent skin contact.  |
| Eye Protection                        | Use chemical safety goggles and/or a full face shield where splashing is possible. Maintain eye wash fountain and quick drench in work area.  |

## 9. Physical and chemical properties

[www.rxmarine.com](http://www.rxmarine.com)

|                                   |                           |
|-----------------------------------|---------------------------|
| Appearance                        | Clear to opaque           |
| Odor                              | Odorless                  |
| Solubility                        | 100%                      |
| pH                                | 11.8 (1% Solution @ 25°C) |
| % Volatiles by volume @ 21C (70F) | 0                         |
| Boiling Point                     | 1390C(2534F)              |
| Melting Point                     | 318C(604 F)               |
| Vapor Pressure (mm Hg)            | Negligible                |
| Evaporation Rate (BuAc = 1)       | No information found      |
| Molecular Weight                  | 163.94                    |

## 10. Stability and reactivity

[www.rxmarine.com](http://www.rxmarine.com)

|                                  |  |
|----------------------------------|--|
| Stability                        | Stable under ordinary conditions of use and storage. Very hygroscopic. Can slowly pick up moisture from air and dioxide from air to form sodium carbonate.   |
| Hazardous Decomposition Products | Sodium Hydroxide. Decomposition by reaction with certain metals releases flammable and explosive hydrogen gas.   |
| Hazardous Polymerization         | Will not occur.  |
| Incompatibilities                | Contact with water, acids, flammable liquids, and organic halogen compounds, especially trichloroethylene, may cause fire. Contact with nitromethane and other similar nitro compounds causes formation of shock-sensitive salts. Contact with aluminum, tin, and zinc causes formation of flammable hydrogen gas. |
| Conditions to Avoid              | Moisture, dusting and incompatibles.   |

## 11. Toxicological information

[www.rxmarine.com](http://www.rxmarine.com)

|                 |   |
|-----------------|---|
| Skin Irritation | Irritant wash with soap water                           |
| Eye Irritation  | Moderate irritant , flush with copious amounts of water |
| Sensitization   | Not Sensitizing .                                       |

(All above information as per data available with us)

## 12. Ecological information

[www.rxmarine.com](http://www.rxmarine.com)

|  |  |
|--|--|
| Comment  | Not applicable   |
| Ecotoxicity  | Fish Toxicity..... EC50(96hr, Mosquitofish): 151mg/L Biodegradability..... The resulting phosphorus will be indefinitely or incorporate into biological systems. |
| Water hazard class 2 (self-assessment)   | Hazardous for water.   |
| Environmental Effects  | Not available  |
| Do not allow product to reach ground water, water bodies or sewage system. Danger to drinking water if even small quantities leak into soil. |  |

## 13. Disposal considerations

[www.rxmarine.com](http://www.rxmarine.com)

This material must be disposed with local national regulations. Product Recommendation ( Recommended cleaning agent: water ) Can be burnt under adherence to the necessary technical regulations. Disposal must be made according to official regulations.Can be reused or recycled after cleaning .

## 14. Transport information

[www.rxmarine.com](http://www.rxmarine.com)

Transport/Additional information

TDG Classification  
 Class ... .. 9  
 Group..... III  
 PIN Number..... UN3077  
 Other ..... Secure containers (full a

## 15. Regulatory information

[www.rxmarine.com](http://www.rxmarine.com)

- ☑ Irritating to eyes and skin.
- ☑ Safety phrases
- 2 Keep out reach of children
- If swallowed, seek medical attention immediately
- 22 Harmful if swallowed
- 26 In case of contact with eyes, rinse immediately with plenty of water and seek medical attention.
- 23 Do not Breathe
- 27 After contact with skin, wash immediately with plenty of water and soap and rinse thoroughly.
- 41 Risk of serious damage to eyes
- ☑ National regulations
